and what have you

by BOB CRAIG

Although there has been little fanfare here, this week is proclaimed "Texas Industrial Week" with the theme "A Good business climate makes industry-industry makes jobs."

We as citizens of Hamlin need to be thankful for the industry that has helped level out the rough spots in our agricultural economy. Too often a town, in their efforts to attract new industry tends to forget the ones they are already blessed with.

In many instances the time, effort and money spent on trying to entice a new firm into a town could be used in helping a local established business grow.

This isn't to mean that an effort should not be made to attract industry to town but that first we should look around us and see if we could help a neighbor.

Normally we don't think of agriculture during Industrial week since there is a week for them, but one of the most promising new industries or developments for this area seems to be this new effort to bring livestock feeding to this area on a larger scale. This program, if developed, could have a tremendous effect on this whole area.

Along with the feeder program there has been some work done on introducing Guar to this area. With the surplus growing in the grain program this might be a crop well worth considering since there seems to be a good market for this product. Not being a farmer I don't know the pros and cons on this crop but if the objections are not too great it would seem like a good idea to plant a crop that is in demand.

With all of our farm surplus it seems refreshing to see a company advertise to buy a farm product such as Stein Hall and Company, Inc. is doing elsewhere in this issue.

The following is clipped from the Dallas Morning News, "Expensive footnote: Every minute of the day and night, every day of the year, interest on the national debt costs the taxpayers some \$17,000. Total interest for the coming fiscal year, according to the House Appropriations Committee: \$8,500,000—more than the entire cost of operating the federal government in 1936."

Registration Open For Camp Fire Summer Camp

Registration for Camp O-Da-Ko, sponsored by the Stamford Camp Fire Council, opened April 1 and will close on May 1. Mrs. W. C. Taylor, camp director, emphasized that reservations will not be accepted after the closing date.

Although sponsored by the Stamford Council, girls from the surrounding area are invited to attend the camp held each year at Lueders Baptist Encampment Grounds. The camp, which will include all age groups from Blue Birds to Horizon girls, will be held this year from June 5 to 10.

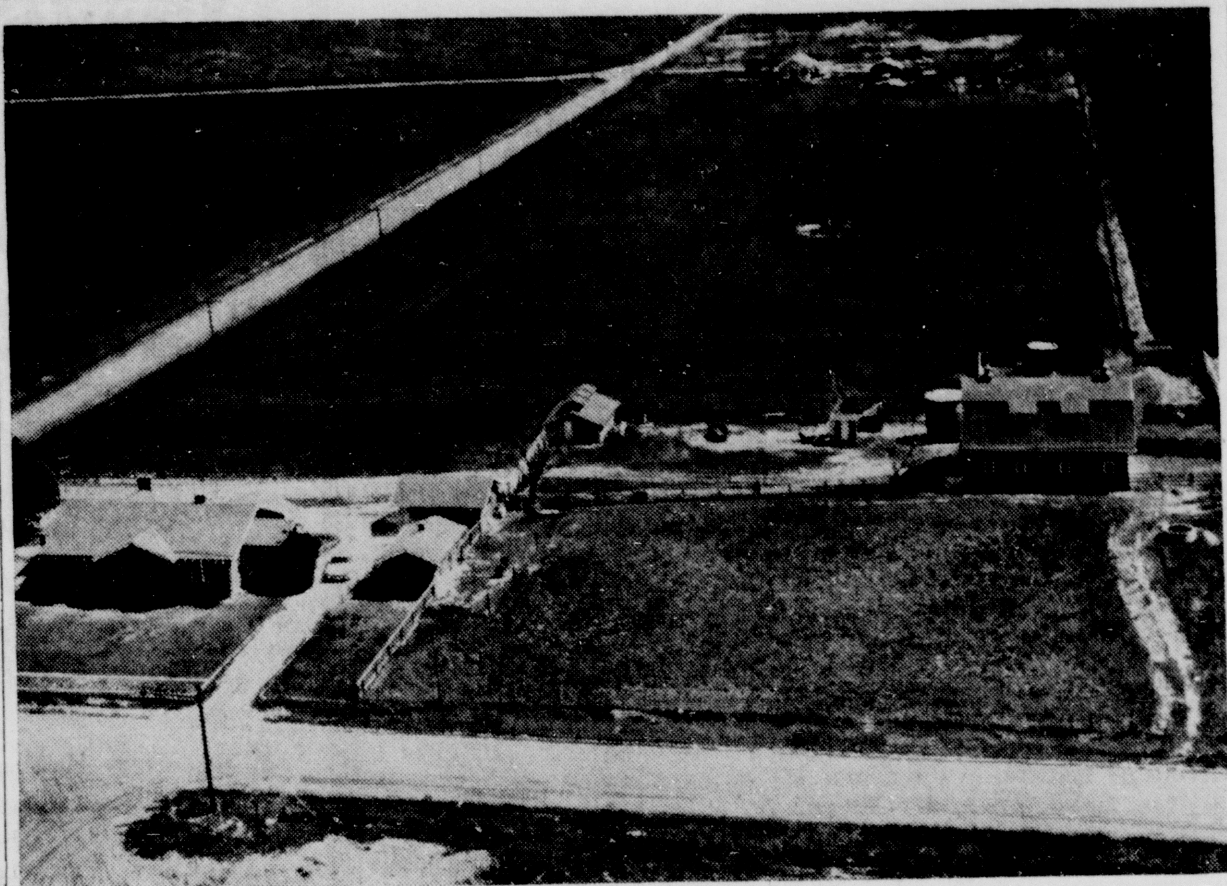

Total cost for girls outside the Stamford Council is \$22 and should be sent to Mrs. W. C. Taylor, 1213 Wesleyan.

City Gets \$6,000 Planning Loan for Low-Rent Houses

Planning funds for 30 new low-rent houses have been authorized by the Public Housing Administration for the Housing Authority of the City of Hamlin, Texas, PHA announced today.

Under a preliminary loan contract to be signed as quickly as possible with the Housing Authority, PHA will make a planning loan of \$6,000.

Mesquite Control Demonstration Set In Fisher County

A demonstration on mesquite and pricklypear control will be held Friday, April 7, 9:30 a.m. on the W. W. Killingsworth farm three miles south of Roby of Highway 70, according to James S. Norman, County Agent.

Garlyn Hoffman, Range Specialist, with the Agricultural Extension Service will discuss the chemical control of mesquite and pricklypear.

Several different chemicals will be used, 2,4,5-T and different kinds of pellets. Each treated area will be marked so periodic checks can be made to see the percent kill made by each chemical.

Worthless brush and trees in pastures and fence rows cuts grass and crop yields, makes handling livestock and cultivation difficult.

The Housing and Home Finance Agency has approved execution of the preliminary loan contract with the Housing Authority as required by law. This will not be an annual contributions contract, but a planning loan agreement that will in all likelihood culminate in such a contract.

A workable program to end slum and blight in Hamlin had previously been approved. Localities with approved workable programs are eligible to apply for various types of federal assistance in carrying out their civic improvement campaigns.

Upon completion of preliminary planning of the low-rent housing, the Housing Authority will prepare a development program covering such details as site, sketch plans, and estimated development cost of the new housing. This program must be approved by PHA, and upon authorization by HHA will serve as the basis for an annual contributions contract between PHA and the Housing Authority.

Calvary Baptist Church Revival Starts Sunday

Rev. James Green, pastor of the Morningside Baptist Church, Snyder, will be preaching for the revival at the Calvary Baptist Church beginning Sunday, April 9 and closing the following Sunday, April 16.

Rev. Royce Campbell, pastor, invites everyone to attend the daily services at 10:00 a.m.; evening prayer at 7:30 p.m.; and worship service at 7:45 p.m.

Mrs. L. B. Brunner will be directing the music.

J. Olin Amerson Elected President Hereford Assn.

J. Olin Amerson of Hamlin was elected president of the West Texas Hereford Assn. and the date of the annual sale was set for Dec. 4, 1961, at a membership meeting of the organization Tuesday afternoon at the Abilene Chamber of Commerce office.

Amerson, who served as chairman of the sale committee last year, succeeds Scott Casey of Snyder, manager of Winston Brothers Ranch.

Other officers elected included B. R. Blankenship, Abilene, named secretary-treasurer; Heston McBride, Blanket, and Arthel Henson, Abilene, vice-presidents; and Sam Swan, Merkel, Henry Arledge, Seymour, F. A. Youngblood, Lamesa, Jay Pumphrey, Old Glory, Lee Atkinson, Throckmorton, and O. H. McAlister, Rhame, three-year directors.

Final Rites Held Here Saturday for Mrs. A. N. King

Funeral services were held for Mrs. A. N. King, 58, in the First Baptist Church at 2 p.m. Saturday. Officiating ministers were the Rev. Lenard Hartley, pastor; the Rev. Cecil Stowe, pastor of the Church of the Nazarene; and the Rev. Don McCamish, pastor of the Four-square Church.

Burial was in the Hamlin East Cemetery directed by Foster Funeral Home.

Mrs. King, a member of the Mt. Zion Church of the Nazarene, died in Hamlin Memorial Hospital Thursday March 30, following two weeks illness. A resident of Hamlin since 1919, she was born in Ellis County, Texas September 11, 1902, and was married to A. N. King on January 9, 1921 in Hamlin.

Mr. King farmed for a number of years and is now employed by Jack Hames Contractors.

Survivors include her husband; two daughters, Mrs. Ray (Verne) Ulmer of Hamlin and Mrs. Leaford (Alma Lee) Stone of Stamford; two sisters, Mrs. J. R. Wheeler of Arlington and Mrs. Jewel Foust of Hamlin; two brothers, O. F. Bailey of Plainview and H. J. Bailey of Amarillo; and three grandchildren.

Pallbearers were Yuel Ulmer, Bill Sauls, Alvin Hill, Robert Rhoton, Coy Thompson and Albert Haught.

Blakley Takes Slim Win in Vote Here

Three Hamlin men were elected for two year terms on the City Council here Tuesday.

Hollis Madden was elected for his first term and George Campbell and C. L. Howard were re-elected for second terms. None of the candidates had opposition.

Madden, manager of the Farmers Co-Op Gin of Neinda, will fill the position held by Joe Hudspeth this past term. Campbell, a resident of Hamlin since 1921 is plant auditor for Celotex Corporation, Hamlin Plant.

Howard had lived here for the past 11 years and is owner of Howard City Drug. In the City election 255 votes were polled in the West Box led in Hamlin voting with 110 followed closely by Jim Wright of Fort Worth with 103. John G. Tower of Wichita Falls was in third spot with 75 votes.

In the West Box 257 votes cast and 78 were cast in the East box. Voting by boxes in both races is listed below:

**STAMFORD PCA STOCKHOLDERS
TO MEET FRIDAY, APRIL 14**

The Stamford Production Credit Association will hold its 27th annual stockholders meeting in the Roundup building, Texas Cowboy Reunion Grounds, beginning at 9:30 a.m., April 14. General Manager, J. L. Hill, Jr., has announced.

More than 1,000 stockholder-borrowers and special guests are expected to attend this meeting and the luncheon, the latter to be served following adjournments at 12:30.

Addresses by the two guest speakers and election of two members of the association's board of trustees will highlight the meeting. W. H. Calkins, Treasurer of the Federal Intermediate Credit Bank of Houston, will report from that institution, which acts as discount agency for all 36 PCA's of Texas. Cayce Moore, barber-humorist of Hearn, Texas will favor the gathering with one of his humorous talks, for which he has become very famous over the nation.

The terms of C. G. Burson, Cr. of Haskell and Mack T. Claburn of Anson will expire with this meeting. Both Mr. Burson and Mr. Claburn have been renominated, together with M. E. Overton of Haskell and Jack Morrow of Hawley. Mr. Burson is currently serving as President of the board. The holdover members of the board are J. F. McCulloch, Stamford; Lasater Hensley, Guthrie and J. C. Moorhouse, Benjamin.

The Stamford PCA, owned and operated in its entirety by the stockholder-borrowers, provides short and intermediate term credit for agriculture in Jones, Haskell, Knox, Shackelford, Stonewall, Kent and Dickens counties. The association's central office in Stamford with field offices in Anson, Haskell, Munday and Spur. Other program activities will include reports by a member of the board of directors and by the manager. The NINETEENS, a girl's singing group from Haskell will entertain and a nominating committee for 1962 will be elected. Several hundred dollars in gift certificates will be awarded to members and wives of members who are present at the meeting.

Registration will begin at 9:30 and the meeting will adjourn at 12:30 with lunch.

Revival Services Start Sunday at First Methodist

The revival beginning at the First Methodist Church Sunday, April 9, will continue through April 16, with the Rev. G. W. French, pastor of the Morningside Methodist Church, Fort Worth, as the evangelist.

The daily schedule for the week is as follows: morning worship at 7 a.m., with coffee and donuts served; young peoples meeting at 6:45 p.m. followed by the evening worship at 7:30 p.m.

A cordial invitation to attend the revival is extended to everyone by the pastor, the Rev. Edmund Robb.

The building of the Catholic Center was moved in recently from Anson. It will serve as a temporary church until a permanent structure can be built. It is not completely finished and members of the church will continue to work on it until it is completely redone.

**Lily Sale Here
Saturday Nets
Fund Drive \$74.25**

Mrs. Bill Feagan, chairman of the Easter Seal Campaign, announced this week that \$74.25 was received from the Lily sale held Saturday in front of the Farmers and Merchants National Bank.

This amount will be added to the \$1,741.96 already turned in to the West Texas Rehabilitation Center in Abilene.

The Easter Seal Campaign is sponsored each year in Hamlin by the Beta Theta and Xi Gamma chapters of the Beta Sigma Sorority. Mrs. Feagan expresses her appreciation to those who helped from both sororities, and also the other volunteer workers.

Those assisting with the house to house drive were Mrs. Art Newcomb, Mrs. C. L. Howard, Mrs. Floyd Clifton, Mrs. Jack Russell, Mrs. J. O. Murphy and Mrs. Bobby Crowley.

**Jaycees Plan
Heart Drive
Sunday, April 16**

W. M. Fairbetter has been named by Jerry Howard, president of the Hamlin Jaycees, to head that organization's Heart Drive, Sunday, April 16.

Members of the club will be divided into groups and will work the town door to door Sunday afternoon starting at 2 p.m.

The workers will leave an addressed envelope at the homes where no one is at home for contributions to be mailed in.

The drive was scheduled for February but because of conflicts was delayed until this later date.

P-TA Meets Today
"Daily Living-Is It Purposeful?" will be the topic of the talk given by Mrs. Gene Westmoreland at the meeting of the Parent-Teachers Association today at 4 p.m. in the Primary Cafeteria.

The invocation will be given by the Rev. Royce Campbell, pastor of the Calvary Baptist Church. Second grade pupils will present the entertainment for the afternoon.

**Farm Specialist Explains New
Government Grain Program**

College Station, April — The feed grain legislation, signed into law on March 22 by President Kennedy, has four purposes. They are to increase farm income; prevent further buildup of the feed grain surplus; and reduce it if possible; help assure the consumer of fair and stable prices for meat, poultry and dairy products and reduce the ultimate feed grain program costs to taxpayers.

According to C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, the program is voluntary and applies only to 1961. All field corn and grain sorghum whether for grain, fodder or silage are covered and cooperators are being asked to reduce their 1961 plantings of these crops by at least 20 percent below the 1959-60 average acreage. Voluntary reductions up to 40 percent are encouraged for growers with bases of 100 acres or more. Growers with bases of 25 acres or less may retire the total under the program.

Cooperating farmers will be eligible for support prices—\$1.93 cwt. on grain sorghums, \$1.20 per bushel on corn, 92c per bushel on barley, 62c per bushel on oats and \$1.02 per bushel for rye. The non-cooperator will not be eligible for price support on any of these crops, Bates said. His production would have to move at market prices. He cannot depend upon the government support nor his neighbor's production adjustment to hold up the market price.

Cooperators, if they choose, may receive payments in the form of negotiable certificates which represent grain from CCC stocks. The Secretary of Agriculture will determine the flow of this grain into market channels.

A cooperator, Bates said, agrees to reduce by at least 20 percent his grain sorghum or corn acreage for 1961 below his 1950-60 average. The diverted acres must be put to some conservation use. It cannot be harvested or pastured. Weeds, insects and rodents must be controlled on the diverted acreage.

In return he will receive, in addition to his eligibility for price supports on his grain crops, a payment for each acre diverted to conservation use. The rate of payment for the first 20 percent diverted will be 50 percent of the normal production of the acreage diverted times the county support price. (This price will be announced shortly by county ASC officials). As an additional incentive, a grower may divert an additional 20 percent and receive a payment rate of 60 percent times the county price per acre diverted.

A grower becomes eligible for advance payment—50 percent of the total—when he signifies his intention of cooperating. This advance payment, Bates said, will help the producer meet his production expenses and is expected to be an important incentive for cooperation.

The specialist added that the program is effective protection in case of crop failure. The payment or diverted acres will be made regardless of weather and is a measure of income insurance as are the higher price supports.

The non-cooperator, Bates advised, will not be eligible for price support on any grain crop and cannot expect to build up his acreage base for the future programs. It has been established that the U. S. Department of Agriculture will strongly recommend to Congress that any legislation involving establishment of base acreage for production adjustment give no advantage to producers who fail to cooperate in the 1961 feed grain program.

While many details remain to be worked out, Bates said county ASC officials have the basic information on the program and are in a position to answer most questions. Local county agents are also receiving information on the program and may be contacted for details. Bates added that educational meetings will be held in all grain producing counties to acquaint growers with the program just as soon as base figures for counties and farms are available and local personnel can be trained.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas Senate now has a tax bill—one designated to wipe out half the deficit that is expected to be about \$63,000,000 when the new fiscal year starts September 1.

Revenue raising measures must be passed by the House before they can be considered by the Senate, and the upper chamber has waited with polite impatience for the House to send it something to work on.

Passed 85-to-60 by the House was the so-called "loophole bill" by Rep. Charles Ballman of Borger.

It is a sort of catchall bill that (1) plugs up some leaks in the revenue bill passed last session, taxing central air conditioners, juke boxes etc., (2) provides for transfer of 1 per cent of the permanent school fund to the available school fund, (3) sets up a two-factor formula for corporate franchise taxes and (4) levies a state gift tax of one-half the federal gift tax.

Captain of the Ballman bill is broad enough that a variety of other money raising plans could be added to it should legislators be able to agree to them.

Meanwhile the House Revenue and Taxation Committee still has a lot of other tax bills in the mill. Three sales tax bills were sent to subcommittee, as well as a hotly debated proposal to levy a 10 per cent tax on trading stamps.

A trading company spokesman said there is only a three per cent profit on the operation and that a 10 per cent tax would put them out of business.

On the other hand, stamps were attacked as "counterfeit money" and an unnecessary burden on both merchant and consumer.

STRIKE THREE -- Texas Supreme Court made short work of a 1959-passed tax law that many lawmakers had hoped would be a potent future revenue raiser.

Without issuing an opinion, the high court agreed with the trial court and civil appeals court that the severance beneficiary tax on gas is unconstitutional.

Although three state courts have turned thumbs down on the gas tax, the last chapter remains to be written by the U. S. Supreme Court. As passed in 1959, the gas tax was low (1½ per cent of market value, but supporters had indicated that if the law survived its court battles, the rate would be raised to bring more money.

LADIES SCORE IN HOUSE--House has passed and sent to the Senate a proposed constitutional amendment that would automatically erase all statutes that treat women differently from men.

Rep. Ben Atwell's brief amend states that "equality under the law shall not be denied or abridged because of sex." It passed the House 135-to-10.

Senators have misgivings about causing such sweeping changes in the law. Some 44 statutes would be affected.

LOAN FIGHT SHAPES UP -- House members are coming to grips with one of the session's touchiest issues -- regulation of small loan companies.

House Committee on Banks and Banking reported to the floor a bill authorized by Rep. Criss Cole of Houston. It is being subjected to widespread criticism, but Cole, long-time veteran of the loan regulation effort, declared that no bill was going to satisfy all the interested factions.

Cole's bill sets up a sliding scale that would allow interest rates of just under 40 per cent on loans of \$100 and dropping gradually to about 11 per cent on a \$3,000 loan. It also allows for reasonable insurance charges, at rates set up by the State Board of Insurance.

Abner McCall of Waco, spokesman of a statewide committee for sound loan laws, said the interest rates were too high and that the limit on credit insurance charges should be clearly defined. BREWERIES (PRO & CON)--Legal restrictions on breweries and the desirability of having breweries at all came up for spirited discussion before the Senate State Affairs Committee.

Rep. Don Kennard of Fort Worth is author of the House-passed bill that would give brewers of ale the privilege, as

operations in a territory after it is voted dry. It would also increase from one year to three years the time allowed a brewer to begin production after it got its license.

A large out-of-state manufacturer of ale is planning to build a \$20,000,000 plant in Tarrant County. Any change of course, would affect the whole state.

Supporters of the bill emphasized the new jobs and payroll it would create. Opponents, mostly ministers and church leaders, declared it would contribute to the problems of alcoholism.

PHONE RATE STUDIED -- House State Affairs Committee is studying a bill by Rep. Dan Struve of Campbellton that would place regulation of telephone service, within the state's borders, in the hands of the Texas Railroad Commission.

Representative Struve says Texas is one of two states that

do not have this sort of regulation and that other states have lower rates.

Other witnesses testified that a long distance call within Texas borders costs more than one of the same distance that crosses the state line.

PRE-PAID FUNERALS DEBATED -- Funeral directors and cemetery operators clashed before both House and Senate committee over a bill to restrict pre-paid funeral arrangements.

Funeral directors declared that their only desire was to protect the public by requiring that money paid in advance for funeral expenses be put in a trust fund.

Cemetery and mortuary operators retorted that the funeral directors wanted to discourage pre-paying of funeral expenses. They contend that families who make funeral arrangements at the time of bereavement spend more money than if arrangements are made in advance.

SHORT SNORTS -- A test vote in the Senate indicated that Sen. Dorsey Hardeman's proposal to abolish the Court of Criminal Appeals and transfer its duties to the State Supreme Court, is short of enough support for passage. . . . Sen. A. R. Schwartz of Galveston says he will introduce a bill to allow nurses registered in other states to practice in Texas, thus to help alleviate the shortage of registered nurses.

REPORT FROM AUSTIN . . .

By REP. LEON THURMAN

The Legislature has worked very diligently from January 10th up until this Thursday, March 30th, which will probably be the day before Easter.

This week the Legislature passed the Constitutional Amendment which would guarantee the women equal rights, if approved by the people. We voted for the amendment to be submitted to the voters at the next general election; however, this is a very complicated process because there are at least forty statutes for the protection of women that will be affected.

Of course, there are some field which women do not have equal rights, but there are other fields where they are protected, which protection probably will be lost when the Constitutional Amendment is passed.

We would ask the voters of the State of Texas to study the Constitutional Amendment and seek all the information they can so that they can cast an intelligent vote.

The House passed a tax bill

this week with a vote of 85-60 and sent it over to the Senate. It is a small package tax bill and contained only about \$33 million. The purpose of this was to take care of the deficit, and we cannot figure it in arriving at the money that will be needed over the next two years.

The Legislature will adjourn today and come back Wednesday, after the special election and will begin in earnest to solve the problems of the state.

It is our intention to see as many of the voters of the 85th District as possible during the Easter holidays to get their opinions as to how the money should be raised.

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing*—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

BAPTIST YOUTH TO MEET IN ANSON SUNDAY AFTERNOON

The annual Baptist Youth Night Meeting, will be held in Anson at the First Baptist Church on Sunday afternoon April 9 at 2:30. Young people from every Baptist Church in Jones County will be used at this meeting, as an usher or in some other way on the program.

Lonnie Harris of the Stith Baptist church is the young people president and will preside at this meeting.

The three for this program is "Youth Makes A Choice" and the following youth will speak on various phases of making a choice: Raynette Sheppard, Pleasant Grove Baptist Church, Junior Mc Nair, Avoca Baptist Church, George Hicks, Hawley Baptist Church; Dianna Carter, Noodle Baptist Church; Gayle Bagley, Hedges Baptist Church; Sandy Carter, Hanna Baptist Church; Bertie Lewis, Prairie View Baptist Church.

The Royal Ambassador or-

ganization of the association will begin this program with a March of the Flags, under the leadership of Jay Thompson of Stamford First Baptist Church.

Youth Choirs from the following churches will render special music: A reserved Section for each choir will be marked and each choir will bring own accompanist: Stamford Calvary Church, John Ayers, directing; Stamford Trinity Church, Charles Kirkpatrick; Stamford First Church, Pascal D. Harris; Hamlin First Church, Tom Mosley.

A drama will be presented by the youth of the Anson First Baptist Church under the direction of Freddie Franks, a senior at H-SU and educational director at Anson.

Rev. Gene Combs, former pastor at Lueders and now pastor at Pioneer Drive Baptist Church in Abilene, will be the featured speaker. Gene recently came from pastoring a Baptist church in Dallas and while there that church sent him on a tour of Europe preaching in England and Scotland to strengthen the Baptist work there. He went to Europe with a group of Southern Baptist preachers whose purpose was to lend encouragement to Baptist work in those countries.

FAIRVIEW NEWS--

By MRS. FLMER JOINER

Easter Sunday was a beautiful sunny day, just right for wearing new Easter outfits and attending church services. Most churches are crowded to overflowing on this day, but since we didn't have too many any time, and some were sick, some other places, we had a good service anyway.

The church will have a study course, starting last Sunday night, and going through four Sundays. The book being taught by the pastor is "Our Baptist Story." As this was the only time the pastor is available it was decided to have the study course in place of the regular preaching hour on Sunday nights, after Training Union. If you are interested in learning how the Baptist got started and grew in our country, we invite you to come meet with us in this study course.

Visitors in church Sunday morning were, Mr. and Mrs. Delbert Burron and three sons of Borger, Mrs. Archie Hogan, and Doug Elliot. Doug, is just an old timer that come back home.

Mr. and Mrs. Jimmy Holmes of Midland and her sister, Helen Waggoner, spent some of the Easter holidays with Mr. and Mrs. Flavel Holmes.

Mr. and Mrs. J. D. King, Midland, Mr. and Mrs. Joe R. Rosenbaum, Pampa, spent the holidays with Mr. and Mrs. Fred Rosenbaum. Saturday afternoon Mrs. Joe Rosenbaum's sister, Mr. and Mrs. Kenneth Smith, Tyler, also visited with them.

Mr. and Mrs. E. A. Henry went to Crosbyton Saturday to see his brother, M. C. Henry.

Mr. and Mrs. Ralph Riddle accompanied by their grandchildren, Teresa, Lynn and Tommy Gabriel, have gone to Tucson, Arizona to visit a daughter and family, the J. B. Terrels. Some of the other children went also, but this reporter failed to get their names.

Mrs. O. L. Jenkins attended early morning services at the Hamlin Baptist Church, then went to Stamford to eat lunch with her daughter, Mr. and Mrs. Earl Kiser.

Mrs. Edith LaFlare is on an extended visit with her sister, Mr. and Mrs. Roscoe Greenway.

Others visiting in the Greenway home over the Easter holidays were, a son, Mr. and Mrs. Warren Greenway of Grants, New Mexico who will spend a week with them. Mr. and Mrs. Delbert Barron and sons of Borger spent the weekend. Other visitors were Mrs. Greenway's brother, Mr. and Mrs. Clyde Whitaker and their children, Mr. and Mrs. Charles Hay and children, Bellaire, Texas, and Mr. and Mrs. W. A. Sealey, Lubbock. The other brother, Mr. and Mrs. David

Whitaker and sons, Plains, Texas.

Sunday afternoon visitors of the Greenways were, Mr. and Mrs. Bud Ferguson and Mr. and Mrs. Pete Patterson and daughter all of Hamlin, Rev. and Mrs. Doyle Combs.

Mr. and Mrs. Winson Gray attended the singing at Anson Sunday.

Mr. and Mrs. Buck Richie have been visiting his folks in Oklahoma the past few days.

Mr. and Mrs. Mel Jones went fishing Sunday at the Anson lake, we understand they caught fish to remind them what fish taste like.

Mr. and Mrs. Marvin Johnson and little sons were visitors in the home of her parents, the Winson Grays, over the weekend.

Mr. and Mrs. Archie Hogan of Spur spent Easter Sunday with her brother, the Woodrow Goodwins.

Fred Rosenbaum has been on the sick list the last week, but is feeling better.

Mr. and Mrs. Doug Ford spent the week end with his parents, Mr. and Mrs. Joe Ford. Sunday visitors were Mr. and Mrs. H. L. Ford and children.

On Sunday night of last week the parents and grandparents of little Melinda Kay Wright had a frightening experience they don't want to repeat. Sunday afternoon Melinda Kay was found eating some of her mother's pills. Upon investigation it was found that several were missing. After consulting several doctors it was found that if she had eaten all of the missing pills it was very dangerous and probably fatal. They rushed her to Hendrick Hospital to be near a respirator in case of paralysis should develop. After spending the night in the hospital, keeping her under observation they knew that she had not eaten the pills but where they are still a secret and one that Melinda Kay is keeping, she is only two years old.

Debra Beauchamp was on the sick list Sunday and unable to attend church on Easter Sunday and our guess is that she had a pretty new Easter outfit that had to hang in the closet, which is pretty disappointing to a little girl.

Speaking of Easter outfits, we won't mention any names for fear of embarrassing some one, but one of our older women was very pretty Sunday morning in a new Easter outfit of orchid and purple, that drew many compliments, but as we said we aren't calling any names.

HAMLIN HERALD

SAFETY GROUP STARTING NEW 'SIGNS OF LIFE' PROGRAM

"Willful disregard for traffic signs and signals by motorists and pedestrians can spell disaster."

That statement was made today by J. O. Musick, Manager of The Texas Safety Association, in calling attention to Signs of Life.

Objective of this program is to call attention to the importance of knowing and obeying all traffic signs, signals and markings.

"While we can't be sure of how many of our traffic accidents are a result of disregard for traffic signs and signals," Musick said, "we do know there's a close relationship between traffic violations and traffic accidents."

Some of the more common violations that cause traffic accidents: Exceeding the posted speed limit, improper passing, failure to keep to the right of the center line, failure to yield right-of-way, and disregarding stop and warning signs.

"Traffic signs," he said, "are designated to protect you against accidents. But unless

you heed them faithfully, they are of little value."

He said several studies of motorists' behavior at traffic signs shows an alarming laxity in consistently obeying traffic signs -- particularly stop signs. He said the major purpose of the current Signs of Life program is to cut down on the number of traffic accidents by convincing motorists and pedestrians of the need for observing traffic signs and signals.

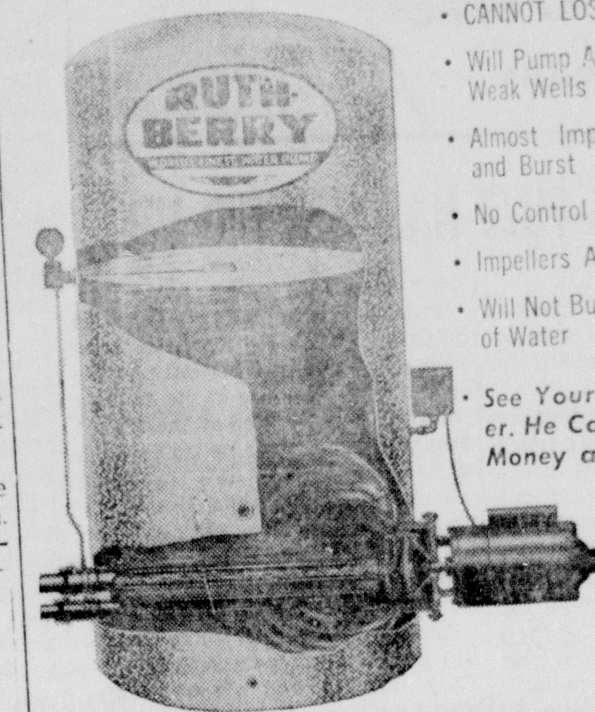

"Signs of Life," he said "are meant for your protection."

PIGGLY WIGGLY

Ask Amy

BY AMY ADAMS

NEIGHBOR'S FUZZ HAS HER FED UP

Dear Amy:

This may be a legal question that I'm confronting you with but I know you will advise me if you can.

There is approximately four feet between my house and my neighbor's house and three feet of it is my property. This neighbor stands on her porch and bangs rugs for twenty minutes at a time right into my open window during the warm weather. Her garbage can is one foot off of my property right close to my bedroom window and she refuses to move it nor will she shake her rugs in the backyard. She says her time is too valuable to walk around to the back.

I'm not being a crab, Amy. I like my windows open when possible, but if you say so, I'll keep that side of the house closed. I'm planning to have my bedrooms painted this year and I don't want her fuzz.

D.K.

Dear D.K.:

In my humble opinion, you don't have a legal leg to stand on. While she is inconsiderate, she is not overstepping her property boundaries. She'll take some tactful handling, but it would be to your advantage to get on friendly terms. Perhaps then she'll do her shaking around the back and take her can with her!

Dear Amy:

I would like to know as soon as possible how much money a girl who is working should pay at home a week. My daughter didn't like school so I let her quit. She's been working since August and hasn't paid anything. She thinks it's not worth it. I could use the money because there are seven in the family and it takes all the money I can get to make ends meet.

Mrs. Benning

Dear Mrs. Benning:

What she should contribute at home depends on how much she earns. Teen-agers who quit school to go to work fail to realize they have a financial obligation at home, particularly so when their family is in need. Furthermore, a family's 'worth' is not measured in dollars and cents. Your daughter's sense of values need an overhauling!

The Jones County Second president of the group, urges Sunday Singing will meet in regular session Sunday in the Hanna Baptist Church at 2 p.m. Felix Thompson of Anson.

Mrs. L. H. McBride Elected President Methodist WSCS

Mrs. L. H. McBride was elected president of the Woman's Society of Christian Service of the First Methodist Church Tuesday at the monthly luncheon meeting held in the Fellowship Hall of the church.

Other officers elected for the year 1961-62 were Mrs. J. O. Ballard, vice president; Mrs. John D. Ferguson, Missionary Education and Service; Mrs. B. H. Gardner, Christian Social Relations; Mrs. Holly Toler, Student Work; Mrs. Joe Murff, Children's Work; Mrs. Edmund Robb, Spiritual Life; Mrs. Parker Kelly, Literature and Publications; Mrs. Ray Sonnenburg, Supply Work; Mrs. C. F. Cook and Mrs. L. C. Bonds, Local Church Activities; Mrs. Richard Young Jr., Secretary of Promotion; Mrs. A. B. Carlton, Youth Work; Mrs. Ed Croan, Recording Secretary; Mrs. A. A. Hackley, Treasurer; and the nominations committee composed of Mrs. Parker Kelly, Mrs. W. T. Johnson and Mrs. C. F. Cook.

Mrs. E. M. Wilson gave a report on the annual meeting of W. S. C. S. held in Vernon March 21-22. Mrs. Wilson and Mrs. Ed Bailey were delegates to the meeting.

Mrs. E. J. Hawkins spoke on the subject of "Women's Changing Roles."

DATES SET FOR ANNUAL FLOWER SHOW

"Around the World With Iris" is the theme this year for the annual flower show of the Hamlin Garden Club to be held Saturday, April 22, in the high school gymnasium.

Surrounding garden clubs or individuals are invited to enter the show. For entry blanks write the show chairman, Mrs. Arlie Cassle, Box 607 Hamlin.

Entry blanks must be filled out in advance and submitted to Mrs. R. D. Moore, entries committee chairman, by 11 a.m. Friday, April 21.

Mary Cape and David Weaver Set Wedding Date

Mr. and Mrs. George W. Cape of Corpus Christi are announcing the engagement of their daughter, Mary Ann to Dave Noel Weaver, son of Mr. and Mrs. John Noel Weaver of Hamlin.

The couple will be married June 2 at 7 p.m. in the Ford Memorial Chapel of the First Baptist Church in Lubbock.

Miss Cape is a junior at Texas Technological College and Weaver, a senior, was a 1957 graduate of the Hamlin High School.

Hints on Color Fashion Given By County Agent

Have you ever brought home a bargain hat or bag - or shoes of a delightfully different color - only to find that they don't go with a thing you had? In that case, they may have been expensive accessories after all.

To get the most for your money - remembering the color and design of your basic dresses or suits. Accessories should accent or complement a costume, according to Mary Newberry, Jones County Home Dem. Agent.

They can add spice to simple solid dress or suit, or supply the unifying note with a striking print dress or plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity.

A general rule of the use of contrasting color, texture or pattern in accessories is never to repeat more than three times - generally two are smarter, for example, shoes, bags, and gloves or shoes, bag and hat or bag and hat.

Intensity of color is important. Don't overdo it. The more brilliant or intense the color, the smaller area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be sure yours can stand the spotlight.

A final suggestion: Look smart but not extreme. The best dressed women are often the most simply dressed.

A bulletin written by extension clothing specialists, gives lots of ideas and suggestions. Get a copy from the county home dem. agent.

County HD Agent Gives Tips on Men's Spring Wear

The cool, neat look was favored at the spring and summer clothing session for men held in Chicago recently under the auspices of the American Institute of Men and Boys Wear.

Suites of worsted synthetic blends, of the wash and wear variety, were featured in the showings, according to Mary Y. Newberry, Jones County Home Dem. Agent.

Medium hues are favored in spring and summer clothes, but black is returning - especially in lustrous mohair suits and natty garbardine town top coats. The blues, from faded blue denim to dark blended coats will become the big color, replacing olive green.

But olive green is not out of the picture yet. It is seen in rain coats where it replaces the natural tones. It will be worn in plaids and plaids, cottons and synthetic blends, in the wash-wear category.

Newest wash N wear fabrics for summer include seersucker-er crease-holding versions of dacron-cotton blends. They come in muted plaids, stripes, and checks, in medium dark town tones.

LVN's Use Easter Theme for Meeting Here March 27

The Easter theme was carried out in the table decorations and apart of the program for the meeting of the Licensed Vocational Nurses Association of Jones County Division No. 54 held in the Hamlin Primary Cafetorium March 27.

A piano and bassoon duet, "The Old Rugged Cross," furnished the background for a chalk illustration of "The Crucifixion," presented by Mrs. Chick Hewitt. Miss Judy Fitzgerald played the piano and Cliff Drummond the bassoon.

Mrs. E. D. Perrin R. N., guest speaker of the evening, was introduced by Mrs. Hazel Higdon, who was presiding in the absence of the president. Mrs. Perrin talked on the subject of "Nursing In Africa."

Following a round table discussion on current medical events the regular business meeting was conducted.

Those attending from Anson were Mmes. Nora Stephenson, Addie Mae Kelly, Elva Lou Cox, Geneva Baucum and Myrtis Rainwater; and those from Hamlin were Mmes. Toad Brown, Viola Brown, Orene Harkey, Erma Wallace, Leona Teichelman, Llera Drummond and Hazel Higdon.

Mrs. John Ed Day To Host Literary Meeting Friday

Mrs. John Ed Day will be hostess for the Woman's Literary Club meeting in her home Friday at 3 p.m.

Director of the program on "Expanding Our Knowledge of Finland," will be Mrs. Edmund W. Robb with Mrs. A. A. Hackley, Mrs. L. W. Shivers and Mrs. Holly Toler presenting portions of the program.

McBride Circle Presented Program By Mrs. Ed Croan

Mrs. W. T. Johnson was hostess for the meeting of the McBride Circle of the Woman's Society of Christian Service of the First Methodist Church Wednesday, March 29.

The Day Apart program was given by Mrs. Ed Croan.

The next meeting will be held in the home of Mrs. Parker Kelly.

Chief McCurdy Attends Meeting

Hamlin Police Chief, J. L. McCurdy attended a conference on burglaries and theft held March 28 at Terminal Texas, halfway between Midland and Odessa.

The entire program was devoted to the discussion of this type of offense, characters committing the offenses, and information as to the kind of car and license number these characters may be using. Also discussed were problems being experienced with this type of offense by the individual officers attending.

Fertilizer nutrients, if properly applied in the correct amounts, will lower cotton disease losses, says Harlan Smith, extension plant pathologist. Balanced fertility is important.

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST... Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award... most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with over-drive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal... on the best of the compacts. Rambler—world standard of compact car excellence.

Stamford PCA Started In 1933 With Only \$45

In 1933, agriculture in Texas was faced with a double-barreled threat to its future and security; the nation's worst economic depression and a prolonged drouth. Compounding the uncertainty of the future of countless farmers, ranchers and dairymen throughout the state was a rapid drying-up of adequate sources of credit.

Late in 1933 a small group of farmers and ranchers from this West Texas area gathered to discuss a new source of credit. Under the Farm Credit Act of that year, the federal government was to advance capital to establish a series of agricultural credit organizations throughout the nation. They were to be called Production Credit Associations.

Although historically suspicious of such federal aid-which too often meant governmental controls and regulations--this operation held particular attractions because administration and operation of these organizations was to be vested in a local board of directors, with eventual complete ownership encouraged by the government.

Thus it was, on January 10, 1934 that the Stamford Production Credit Association came into being. That small nucleus of the area's agricultural leaders had pooled a tiny amount of capital--\$45 to purchase an original block of member-owned stock in the organization. The federal government advanced sufficient capital to provide loan funds and satisfactory job of provid-

ing proper agriculture credit."

Hill has been manager of the Stamford association for 25 years, one of the longest tenures of service as a manager of an association in Texas.

Serving on the present board of directors are President C. G. Burson of Haskell, Vice President J. R. McCulloch of Stamford, Lassater Hensley of Guthrie, Mack T. Claburn of Anson and J. C. Moorhouse of Benjamin. Burson, who has been a member of the Stamford PCA since 1940, has served as its president for the past 14 years.

Other administration personnel, in addition to Hill, include Assistant Managers J. R. Gleaton and R. C. Cobb of Stamford, Field Representatives Royce Williams of Haskell, Clint Norman of Munday, Bill L. Glenn of Spur and S. C. Ferguson Jr. of Anson and Secretaries Mrs. Allie Bell Smith of Haskell, Mrs. Aaron Edgar of Munday and Mrs. Jaunita Hagins of Spur.

The Stamford PCA is composed of Jones, Shackelford, Stonewall, Haskell, King, Knox, Kent and Dickens counties. Central office is Stamford with field offices located in Haskell, Munday, Spur and Anson.

Just 16 years after its organization-in 1949-the Stamford association, along with 35 other PCA groups serving all 254 Texas counties, had completely retired all government capital and became a home-owned and operated entity, in fact as well as theory. Since their organization, the 36 PCAs have provided a \$3 billion in agricultural credit and are stable, integral parts of their communities. The Stamford PCA alone has advanced over \$100,000,000 in production and capital improvement loans during its lifetime.

This singular story of growth and prosperity is traced primarily to one chief reason: "We have but one reason to be in business," explained J. L. Hill Jr., general manager of the Stamford PCA, "and that is to provide adequate short and intermediate term agricultural credit. Because our association is composed of farmers, ranchers and dairymen from our operating area, intimately acquainted with our conditions and problems, we think we do a more thorough job of providing proper agriculture credit."

Other administration personnel, in addition to Hill, include Assistant Managers J. R. Gleaton and R. C. Cobb of Stamford, Field Representatives Royce Williams of Haskell, Clint Norman of Munday, Bill L. Glenn of Spur and S. C. Ferguson Jr. of Anson and Secretaries Mrs. Allie Bell Smith of Haskell, Mrs. Aaron Edgar of Munday and Mrs. Jaunita Hagins of Spur.

The Stamford PCA is composed of Jones, Shackelford, Stonewall, Haskell, King, Knox, Kent and Dickens counties. Central office is Stamford with field offices located in Haskell, Munday, Spur and Anson.

Rotary Club Sees Film on Work Of Camp Sweeney

Edward H. Phelps of Abilene, as a member of the public relations staff of Southwestern Diabetic Foundation, Inc., showed colored movies of scenes of Camp Sweeney "in action" at the regular meeting of the Rotary Club Wednesday, March 29.

Camp Sweeney is the world's largest treatment and training center for diabetic children, 6 to 16 years of age. The children are taught how to treat and care for themselves in their daily activities, in order to look forward to a normal life expectancy.

The camp, especially designed for those who cannot afford the treatment and care they need, is located on a site of more than 400 acres, nine miles northeast of Gainesville and is operated from donations.

Mr. Phelps may be contacted for an interview for the entry of a diabetic child to the camp or for further information about the camp.

BOOSTING TRAVEL IN TEXAS—Governor Price Daniel accepts the first of a series of highway safety films from Ray H. Horton (left), vice president of Humble Oil & Refining Company. Colonel Homer Garrison, Jr. (right), appears briefly in each of the thirteen films, which were filmed on location throughout Texas. Called "Here's Texas!" the series deals with the pleasures of auto travel in the state and includes pointers on safe driving techniques. "Here's Texas!" will be circulated to television stations by officers of Colonel Garrison's department.

To Find Squirrels--Hunt Nest

In the South, most squirrels build their nests around a vine, either a grape vine or whatever sort comes handy.

Smart hunters look for these vines, then shake them vigorously. If there is a squirrel in the nest, out it comes into the open.

Seed Survey Group To Meet Tuesday Night in Anson

The orientation meeting and supper for the Texas Certified Seed Producers "Planter Box Survey" will be held at the "66 Sirlain Cafe" at 7:30 p.m. on Tuesday night, April 11th, according to an announcement this week by County Agent Kirby Clayton.

The seed survey is being conducted by the Texas Certified Seed Producers and the Jones County Extension Agent. Young farmers groups from Anson, Hamlin and Stamford are helping in the survey and will be the ones to contact farmers in the field concerning their planting seed.

The seed survey is designed to contact 10% of all farmers in this county on kind of seed planted, source of seed, germination and other related information.

Jones County is one of the five counties in Texas selected for this survey.

Fred Brown, Pastor

We send this free booklet to industry leaders as another step in our area development program

THE business of West Texas Utilities Company is growing because the area we serve is growing. But our plant expansion is growing faster than our business. That's because we work hard to stay ahead of the additional area growth we are convinced is coming. To stimulate even more growth, we are engaged in an extensive program designed to invite new industry our way. The campaign includes an advertising schedule in national publications, personal visits to industrial areas, development of statistical data, and area booklets such as the one shown above. This is one of the ways we work with and for our communities to assist in local development. We do so with enthusiasm and vigor because of our conviction that this area faces **GROWTH UNLIMITED.**

Ann Rabjohn Qualifies For Scholarship Finals

A Hamlin high school girl is among the 147 students qualifying for the final competition for scholarships from the Educational Fund for Children of Phillips Petroleum Company Employees. Ann Rabjohn, daughter of Mr. and Mrs. G. H. Rabjohn, qualified for the Scholastic Aptitude Test of the College Entrance Examination Board to be given May 20, 1961, after which final selection of 50 winners will be made in June.

Each of the 50 scholarship awards provides \$500 annually during four years of college attendance, subject to the maintenance of a satisfactory record by the awardee.

The scholarship fund was established in 1939 for the purpose of aiding children of employees of Phillips Petroleum Company and its subsidiaries in obtaining a college or university education. More than 550 young people have obtained education as Phillips scholarship holders, under awards totaling over one million dollars.

High school students from 68 towns in 15 states will take the 1961 aptitude test. Qualifying students who do not receive scholarships may apply for loans for higher education from a separate educational loan fund.

Inscriptions in Egyptian tombs indicates that wild animals were confined in captivity (as in modern zoos) as early as 2,000 B. C. --- there is definite record of a well-balanced zoo in China, in 1,100 B. C.

Ernest Perkins Serving in Okinawa

FORT BUCKNER, OKINAWA (AHTNC) -- Army Pvt. Ernest R. Perkins, 24, whose wife, Thelma, lives at 319 Forest ave., Abilene, arrived on Okinawa March 15 and is now a member of the 30th Artillery Brigade.

A communications wireman in the brigade's Headquarters Battery, Perkins entered the Army in June 1960 and received basic training at Fort Hood, Tex. He was last stationed at Fort Ord, California.

Perkins is a 1955 graduate of Roby High School. His parents, Mr. and Mrs. Landon A. Perkins, live in Sylvester.

Our word 'chairman' harks back to the good old days, when only kings, bishops or nobles were permitted to sit in a chair--common people stood, sat on the floor, or used benches. Hence, the leader was an important man, and got to use a chair.

LOCAL BUSINESS . . .

Social Scientists, universities, and foundations, with no special connections with any advertising medium, are constantly making studies on the effectiveness of communications media.

One such study was made by New York University and the National Association of Science Writers. The study was financed by the Rockefeller Foundation. None of these institutions could be accused of having a special stake in newspapers. They were simply interested in learning what medium could convey information most effectively.

The study showed that 91 per cent of the public reads a newspaper. It showed that 57 per cent of the public gets most of its news from newspapers -- compared to 22 per cent for television and 16 per

S. S. Talbert, Ph. D. Chairman, Dept. of Journalism University of Mississippi

cent for radio. Another 26 per cent listed newspapers as the main secondary source of news, which made a total of 83 per cent who gave newspapers first or second place as a news source.

Although the organizations studying under the Rockefeller grant did not report specifically on advertising. It could be safely assumed that the newspaper would rank similarly as a medium for advertising.

For advertising is news. And retail advertising is news which must be recalled in detail to be effective. Although newspapers may not improve the memory of the reader, it provides a ready reference which serves as a substitute for memory.

Media which can not permanently record an advertising message for use at the convenience of the consumer, can not hope for the effectiveness which is inherent in newspaper advertising.

GOVERNOR PROCLAIMS WEEK AS TEXAS INDUSTRIAL WEEK

Governor Price Daniel has officially proclaimed the week of April 1-7 as Texas Industrial Week. Texas Industrial Week was officially established by a concurrent resolution of the Texas Legislature in 1951 following two successful observances on an informal basis.

In proclaiming Texas Industrial Week, Governor Daniel pointed out that: "Texas has long recognized the value to its citizens of proper industrial development, which provides new opportunities for our people at the same time contributes to general prosperity and National progress."

"I, as Governor of Texas, do hereby designate the period of

April-7, 1961 as Texas Industrial Week and urge recognition and understanding of Texas as position as a rapidly developing industrial State, and the need for continued progress in this field."

Texas Industrial Week is coordinated on a State-wide basis by the Texas Manufacturers Association in cooperation with the chamber of commerce, the Texas Industrial Commission and other interested groups. The Texas Manufacturers Association conducts a competition in order to recognize those local civic organizations which make outstanding contributions toward the observance of Texas Industrial Week.

County HD Council Meets in Anson, Plans Program

Jones County Home Demonstration Council met March 15, at 2:30 p.m. in the agent's office, Anson. Mrs. H. H. Windham, Chairman, presided. All twelve clubs have good reports. From these reports National Home Demonstration Week will be observed during the week of April 30th through May 6th with a county wide tea. Program for the day will be published at a later date.

Yearbook Committee Chairman asked each club to bring programs suggestions and roll call to the next meeting.

Civil Defense chairman asked that each time the clubs meet that the subject of "defense" discussed Health and Safety reminded clubs that many good articles are published on cancer for our reading. Mrs. Ethel Rowell may be contacted for more information on this subject.

Mrs. Noel Weaver, T.H.D.A. Chairman, gave dates for district meeting April 10th at Vernon. State meeting will be held May 1st and 2nd at San Angelo. All that can be urged to attend both meetings.

A foods leader training meeting on "outdoor cookery" by agent, Mary Newberry, was announced for April 5th, at 9:30 a.m. Meeting will be held in the office.

Nominating Committee elected for the year was: Mrs. Charlie Myatt, Chairman; Mrs. Homer Hutto, and Mrs. Hubert Sullivan.

The 4H Share the Fun Festival was announced for Monday night, March 20th, at the Anson High School Auditorium.

Mrs. Elmer Joiner gave a summary of the meeting - 12 clubs were present, represented by 24 members and 3 visitors.

Mrs. Charlie Myatt, reporter.

'THE ALAMO' BOOKED FOR WEEK'S RUN AT DRIVE IN

In 1836, Colonels David Crockett, Jim Bowie and William Travis — with 182 untrained volunteers, defended a crumbling Spanish mission against 7,000 battle hardened professional soldiers led by the dictator general Santa Anna. With their lives they bought 13 days of precious time which General Sam Houston used to raise and train the army that subsequently routed Santa Anna and freed Texas from his tyrannical rule. This is the dramatic story on which the all-time box-office favorite, John Wayne, has spent more than \$12,000,000 and nearly 14 years of research and planning to bring to the screen.

The United Artists release, opens Wednesday at the Drive In Theater. Wayne's sweeping Technicolor production of "The Alamo," written by James Edmest and most spectacular Grant, is said to be the tacular motion picture ever produced in the United States. No previous motion picture, including the memorable production of "Gone With The Wind," has ever captured on film such panoramic grandeur in its battle scenes; no other American film, including the celebrated "Birth of a Nation," has ever recorded such hand-to-hand combat as this brutally frank film in which every defender of the Alamo is slain.

Wayne, who directed as well as produced "The Alamo," also stars as the Tennessee backwoods excongressman, Colonel David Crockett, who rode 1500 miles on horseback to join Texas' bitter fight for independence. Richard Widmark, versatile star of many top Holly-

wood productions, plays the leathertough Jim Bowie, and talented British actor, Laurence Harvey, is starred as Colonel William Barrett Travis, who commanded the forces at the Alamo. Co-starred in this epic story of the battle for Texas independence are Frankie Avalon, the young singing sensation, who plays "Smitty," a teenaged Tennessee boy who grows to manhood on the firing line and Linda Cristal, who gives a few moments of love and tenderness to Colonel Crockett.

RIGHT FOR SPRING—When the weather changes from cold to cool, this colorful and comfortable cotton cardigan is just right. It packs easily for a vacation, and its Puritan's Durane cotton knit fabric is machine washable.
